About the Voortrekker Museum

- We start things off in the City of Pretoria by heading to the Voortrekker Museum to learn all about the great trek.
- This massive granite structure is located on a hilltop in the South side of Pretoria and can be seen upon entering the city from multiple angles.
- This monument was raised to commemorate the Voortrekkers who left the Cape Colony between 1835 and 1854.
- An impressive way to start our tour.

About Paul Kruger Museum

- Here we will learn about the great man Paul Kruger.
- Kruger House is the historical residence of the Boer leader and President of South Africa in the Paul Kruger.
- It was built in 1884 by architect Tom Claridge and builder Charles Clark. It is said that milk was used, instead of water, for mixing of the cement from which the house was constructed, as the cement available was of poor quality.
- The house was also one of the first in Pretoria to be lit by electricity. The house contains either the original furnishings or items from the same historical period, some of the many gifts that were presented to Kruger as well as other memorabilia.

About Church Square

- Church square is in the historic center of Pretoria. The founder of Pretoria, Marthinus Pretorius declared the square to be used as a church yard and marketplace.
- The square was surrounded with various church buildings that stood from 1856 to 1905.
- Several historical and architectural significant buildings surround the square: The Palace of Justice, the Old Capitol Theatre, the Tudor Chambers, the Ou Raadsaal (the Old Chambers) and the General Post Office, designed by William Hawke.

About the Union Buildings

- The Union Buildings serve as the formal seat of the South African government and house the President's offices. The imposing buildings are located in Pretoria, on top of Meintjieskop at the northern end of Arcadia.

About Cullinan Mine

- Cullinan is a small town east of Pretoria along the diamond route that is heavily reliant on diamond Mine. This is where we will find our last stop of the day.
- Cullinan Mine is one of the world's most celebrated diamond mines and one of the major sources of the blue diamonds in the world. Having produce the most famous diamond to ever come out of Africa. The Star of Africa. The star of Africa is currently part of the British crown jewels.
- Cullinan Mine is a fun day out with a firsthand look into what it takes to find diamonds underground.
- The Cullinan mine is the third richest mine in the country. The mine is owned by Petra Diamonds in the town of Cullinan.
